Many of your goals and plans have reached a climactic point and yet with the success is increased responsibility. This year is all about getting what you want and finding that it is only just the start, not the end. This is a year when seeds sown in the past 7-14 years begin to bear fruit and have an effect on your life. The chickens are coming home to roost and it is also a time of karmic reward. As you look back you will feel pleased at the progress you have made and excited about the stage you have now reached. It is a time of completion of a cycle and where a new cycle can begin - the wonderful thing is that however you feel about where your life is at the moment (good, bad or average) you are about to start a major new phase of professional and personal development where you can begin right now to sow new seeds and start getting excited about what you can create for yourself.
