

## Electric traction Volume 15

---

By -

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 576 pages. Dimensions: 9.7in. x 7.4in. x 1.2in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1919 Excerpt: . . . and auditors, many of whom will attend the Convention. Machine tool manufacturers will have a larger display than usual as these are becoming every day more a part of the equipment of electric railway shops and power houses. There will also be shown at this convention auto trucks, tower wagons, and passenger automobiles, as traction companies are becoming larger buyers in these lines. Engineering and construction companies are taking a great interest in the convention this year and a number will join as members and secure space for booths in order that they may come in closer contact with traction company officials and affiliate with them more closely. In fact, all who share in electric traction business consider it their duty and of great advantage to hold membership in the American Electric Railway Association. I. E. R. A. MID-SUMMER MEETING AND OUTING The executive committee...

### Reviews

*Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Otis Wisoky**

*This publication is great. It is full of wisdom and knowledge. You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).*

-- **Dr. Everett Dicki DDS**
